

Why should I join 4-H?

The 4-H youth development movement provides opportunities for all youth ages 7-19 to participate in innovative, fun programs through which they can develop valuable, lifelong skills. Today, 4-H in the United States involves seven million youth, 50 million alumni and more than 1,000 learn-by-doing programs ranging from robotics and biotechnology to skateboarding and agriculture.

4-Hers learn valuable skills, have fun, make new friends, solve problems, earn awards and recognition, practice citizenship, develop leadership ability, and make a difference in their communities.

Last year there were 320 Lyon County 4-Hers enrolled in projects such as Dog, Hand Pets, Swine, Rabbit, Foods, Clothing, Arts & Crafts, Fiber Arts, Plant Sciences, Photography, Entomology, Shooting Sports, and Woodworking. 4-H is not just for “country kids” anymore.

What is a 4-H club?

4-H Clubs are small groups of youth supervised by one or more adult volunteer leaders. 4-H Clubs usually are organized around a project or geographic area. 4-H Club members hold regular meetings, elect officers, plan programs, and work on 4-H projects. 4-H clubs usually meet in a school, community center, the volunteer leader’s home or a member’s home.
